First Born In Lynchburg

Mr. and Mrs. Paul Mitchell Gunter Sr. proudly announce the birth of a daughter, Constance Hope, born on January 1st at 2:35 a.m. Hope was the first baby of the new year to be born in Lynchburg. She received many nice gifts and was grandly welcomed by the Lynchburg Press. Her arrival was covered by W.L.V.A. radio and TV, The News and The Daily Advance also.

She was warmly received by friends and relatives. She has had approximately 60 visitors.

Mrs. Harriette James, Mrs. Bolling Carter and Mrs. Pauline DePew, left to right above, Guidance Counselors, presented a program to the Senior Chapter, FHA, on Wednesday morning of last week.

Counselors Present Program

The ACHS Future Homemakers of America held their monthly meeting on Jan. 8, 1975. The topic for the program was An Ounce of Preparation which was presented by our guest speakers: Mrs. Harriette James on the Homemaking Career after school; Mrs. Bolling Carter, Marriage and the Homemaker and Mrs. Polly Depew, The Homemaker and College Careers. These ladies are Guidance Counselors in the Appomattox County School System.

Mrs. James gave some very helpful steps for career plan ning which are: 1) Take stock of career abilities and controls. 2) Discover your personality traits. Look at aspects and see which are best for you. 3) See how much time and effort you can put into work. High school girls that are planning on marriage should consider if they can handle work and marriage. 4) What occupations suit you best? Look for job prospects. Think ahead! Prepare! Get the education you need for the career you have chosen.

Next, Mrs. Depew gave a very interesting and illustrated talk. For her segment of the program she used a large paper doll which she called Susie Co-Ed. In following her steps she said you should first choose a pattern to fit you. The lining of the garment as the foundation is not usually seen as it represents motivation. This is the foundation for a goal as you try to reach your destiny. Susie's top is high school subjects which you have to choose to fit your pattern. The bottom is grades. You are much happier in a field if your grades are good in that area. Also, directly related and very important is class rank. Next you sew together with good thread for that pattern which represents your study habits. If your do not have good study habits it will come apart at the seams. Also there are options which you can add such as your sleeves where you must do good on your tests such as college boards. If you want you may add a collar where you can visit the college you have in mind. Pockets can improve the looks such as FHA club activities where you learn leadership and responsibility. If you have a zipper, maturity and self-discipline will make this plan work as it holds everything together. Self-examination helps you to see what you have. Your basic pieces must fit well and with a well-fashioned garment you will have the key to success.

Last, Mrs. Carter gave us some tips for marriage, such as, "I find out what mortage is all about. Marriage has problems and the two people in this relationship have to co-operate and work together. Positive attitudes will assure a successful marriage. You must also consider the responsibility of raising children. 2) Evaluate your own aspect if your choice is marriage or not. Are you really in love with this person or are you trying to escape the pressures of home. 3) Find out what the human male is like. Explore the human material. Get to know guys as friends, date, go steady, and break-up. 4) Learn as many skills while
